

How To Return Medications to the Pharmacy

Returning unused, unneeded, or expired medications

- protects the environment from pollution
- reduces risk of antimicrobial resistant infections
- ensures that the people in your home are safe

Scan the QR code

to find a **location** and what **products** they accept

1 **Collect and place all dry medications** into a clear bag (e.g., pills and tablets)
Do not throw in the garbage or flush down the toilet.

2 **Keep liquids and creams in their original container**
Do not pour down the sink.

3 **Remove any personal identification from all medications** before returning them.

4 **Take your medications to a nearby participating pharmacy** on your next trip.
